

Final Presentation

Songs that feel like me

Spotify Song Recommender

Presented By: **Edberto Lima**
Gerta Hajrullahi
Mira Radakovic

Project Roadmap

KNN

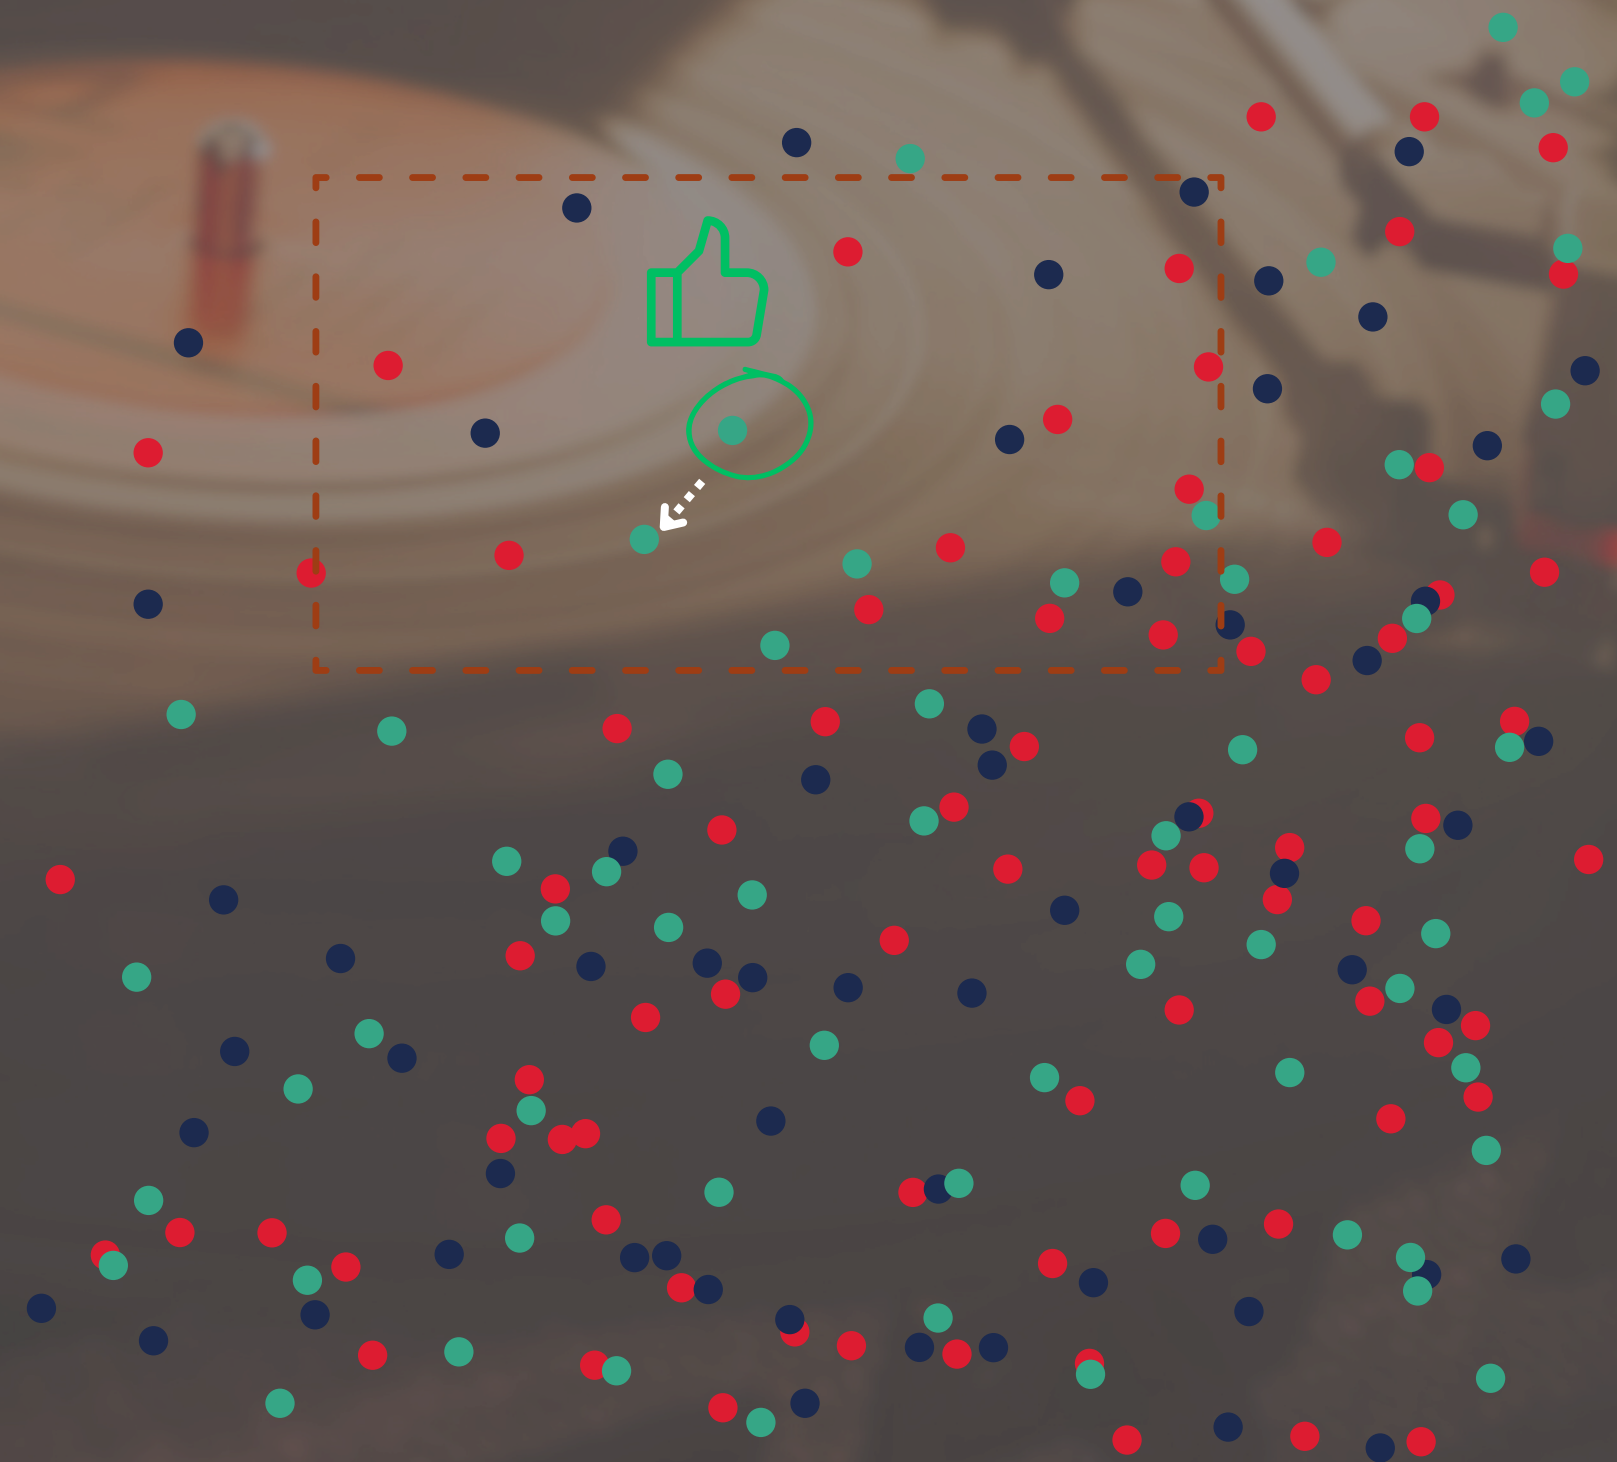

advanced

Stage I.

- select 20 neighbours based on audio features
- only use a subset of audio features (selected based on testing different subsets)

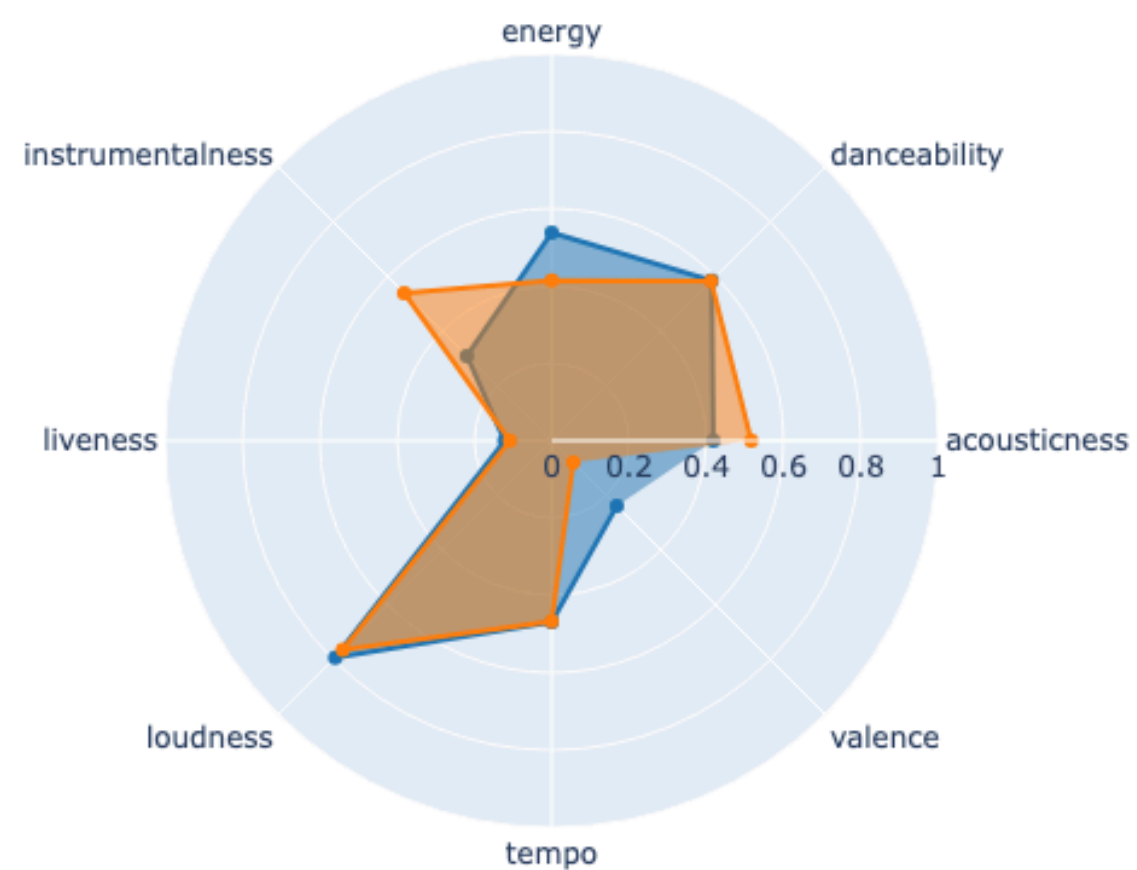

Stage II.

- select the closest same-genre song out of the 20 neighbours
- as fallback use the closest neighbour

Model Comparison

Audio Features Comparison: Your Likes vs Recommendations

Audio Feature Comparison: Liked Song vs Average Top 10 Neighbors
